NATURAL STONES

CORINTHIAN STONE

Quarried in the Western Mediterranean, this honed limestone has a rich sandy colour that provides a delicate warm feel.

Its background composition is magnified with unique small fossils and random sedimentary veining.

A stone for those seeking a homely, cosy fireplace, Corinthian Stone is also available made to measure.

AEGEAN LIMESTONE

Sourced from the Eastern Mediterranean, our Aegean Limestone mantels are beautifully unique in character.

Each mantel has its own individual fossil formation, veining and colour so no two are the same and is handcrafted into a variety of contemporary and traditional designs.

PORTUGUESE LIMESTONE

Formed over 50 million years ago and quarried in Portugal. The characteristic darker veins, intermingled with fossils of plants and animal life all add up to the beauty of this natural stone.

Blooms and whisps of fossilised leaves are not considered defects but part of the experience.

NATURAL MARBLE & TIMBER

CARRARA MARBLE

Quarried in the Italian city of Carrara, this stunning material has been used in the building of many of Rome's most remarkable buildings including the Pantheon.

Every one of our Carrara Marble mantels has its own distinctive appearance with beautiful, fine grey and blue veining.

Please note our made to measure service is not available on this marble.

OAK & PINE TIMBER

Our Timber mantels are available in two elegant styles, they're available made to measure to any size, enabling you to have complete control over the look and feel of your fireplace.

Both of our classic Timber mantels are handcrafted in Britain and take on a whole new personality when tailored to your exact requirements.

MADE TO MEASURE

Capital Fireplaces manufacturing and fabrication facilities are strategically located to utilise both the most advanced manufacturing technology available and the highest quality skills. Established long term relationships with quarries and foundries with highly efficient fabricators and stone masons, provide the backbone for the stringent quality and manufacturing standards we achieve with our collection.

We strive to offer our customers a great deal of flexibility in terms of the size of their chosen fireplace design. That's why we have implemented a Made to Measure service for a variety of our mantels in the following materials; Corinthian Stone, Aegean Limestone, Portuguese Limestone and Timber.

No matter how small or large your chimney breast, whether you'd like to change the overall size of your fireplace, make the shelf wider or reduce the rebate size, we can deliver a completely tailored service. Simply look out for the Made to Measure logo on our mantels throughout this brochure.

Curved top shelf and header

Corinthian Stone

Alban 51”

(51” Dimensions)

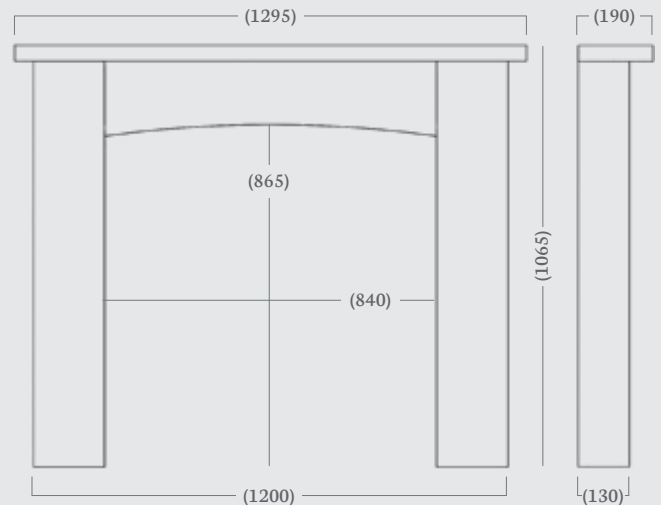

One of the latest additions to the Capital Collection, the Alban features clean lines with a sophisticated soft curved shelf and header, designed to be paired with a Capital Eco stove.

The Alban 51" is pictured to the left in Aegean Limestone, paired with the Scene Eco multi fuel stove. Above, the Alban is pictured in Corinthian Stone, paired with the Panamera Eco multi fuel stove.

Appledore 48" & 54"

(48", 54" Dimensions)

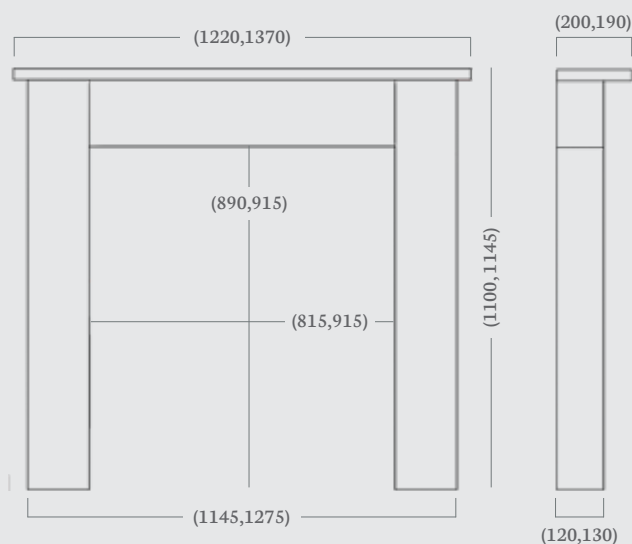

A simple yet sophisticated design, the Appledore features an elegant curved top shelf which differentiates it from similar period mantels and gives it a more contemporary feel.

The Appledore 54" is pictured here in Aegean Limestone with a riven slate chamber and honed granite hearth, perfectly complimented by the Bassington Eco multi fuel stove.

Standard Rebate: 1"

Stocked in: Aegean Limestone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Astwick 54"

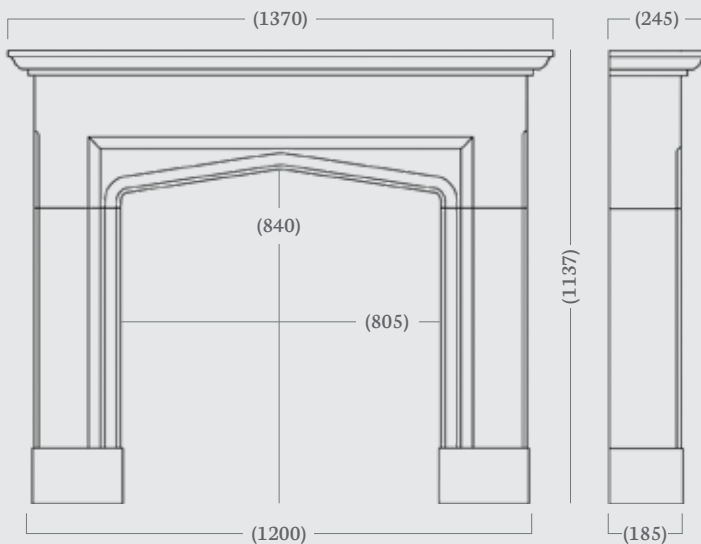

A stunning addition to our fireplace collection, the Astwick mantel is inspired by the Tudor period. This mantel features a delicate yet striking shallow arched header. The Astwick also boasts strength and definition, achieved from incorporating substantial foot blocks and a generous overall depth into the design.

The Astwick 54" is pictured here in Corinthian Stone with a matching chamber and hearth. To create this clean yet cosy look, the Astwick has been perfectly paired with the Bassington Eco Baseline multi fuel stove in warm white enamel.

Clarence 59"

Influenced by the early Georgian period, the Clarence features an architectural front on plain foot blocks. Finished with a decorative step moulded shelf, the design of this mantel pays close attention to the lines and proportions of this elegant and stunning surround.

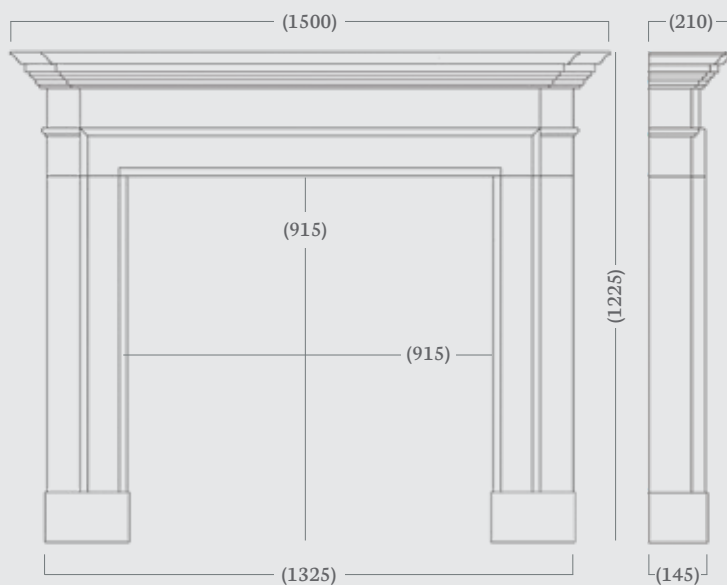

Handcrafted from Aegean Limestone, the Clarence 59" is pictured here with a contemporary glass fronted gas fire. For a consistent and sleek look, the Clarence has been paired with a matching Aegean Limestone slip set and hearth.

Colby 54"

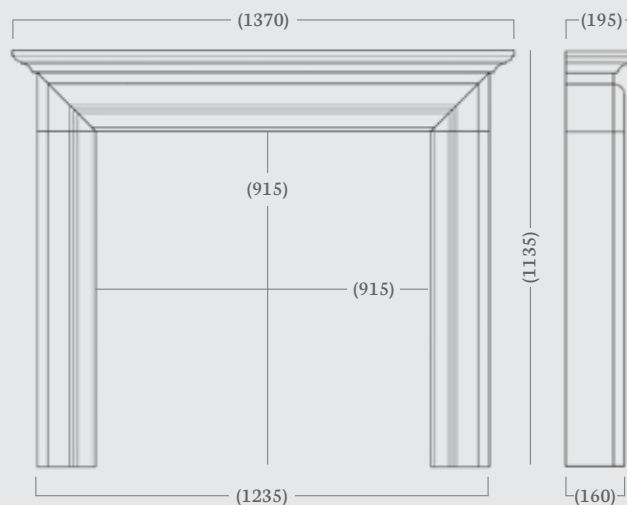

The Colby 54", a beautifully classic mantel, elegantly crafted to flaunt simple, ultra-clean lines without being overtly minimal.

Pictured here with polished granite slips, black reeded fireboard chamber, Coral firebasket and polished granite hearth, slabbed for solid fuel.

Standard Rebate: 3"

Stocked in: Aegean Limestone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Cottage 54"

Inspired by rustic 'French Farmhouse' kitchen design and living, the Cottage mantel has a substantial yet homely appearance. Perfectly suited to the warm texture of Corinthian Stone, this charming and elegant surround makes it the perfect centrepiece for any room.

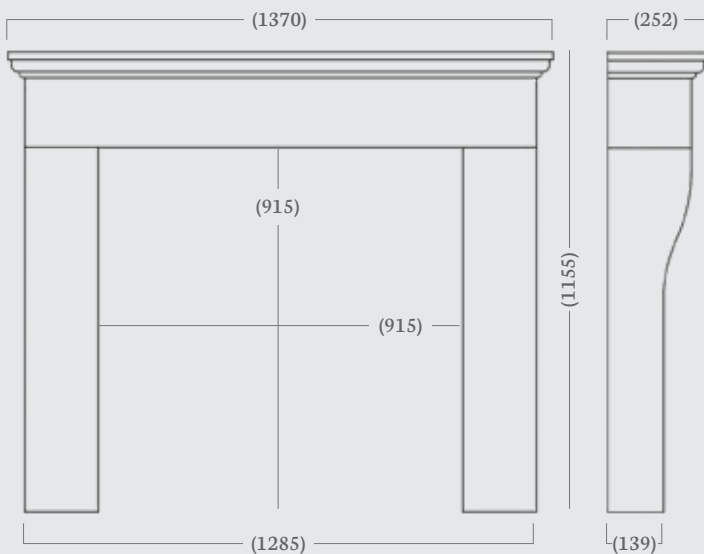

The Cottage 54" is pictured to the right in Corinthian Stone and features the contemporary DL800 gas fire with black glass interior. Drawing on colour tones within the natural stone, a honed granite slip set and hearth compliment this surround perfectly.

Standard Rebate: 1"

Hampton 59"

The Hampton takes inspiration from the Queen Anne period with its lavish curves and neat lines. Featuring a generously proportioned bolection, 59" shelf width and unembellished foot blocks, the Hampton encompasses grandeur through simplicity and elegance. This mantel is perfect for larger rooms and chimney breasts.

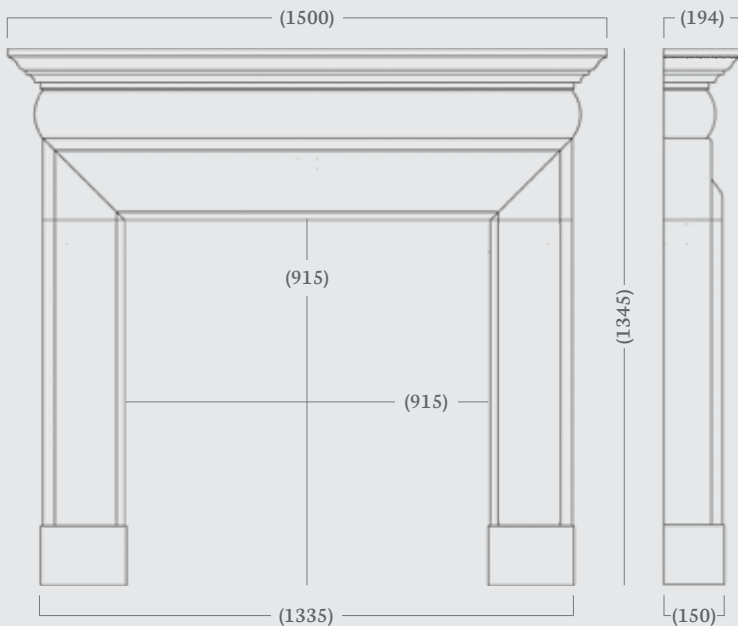

The Hampton 59" is pictured to the right in Aegean Limestone, featuring the stylish and contemporary DL800 gas fire with black glass interior. The Hampton flawlessly frames the fire with the addition of a polished granite slip set and hearth.

Helston 53"

One of the newest editions to our Capital Collection, the Helston is a beautifully simple and elegant mantel. This mantel has been proportionally designed to suit our range of Eco 2022 stoves, nonetheless, the charming and timeless design of the Helston means it is a perfect choice for contemporary or traditional settings.

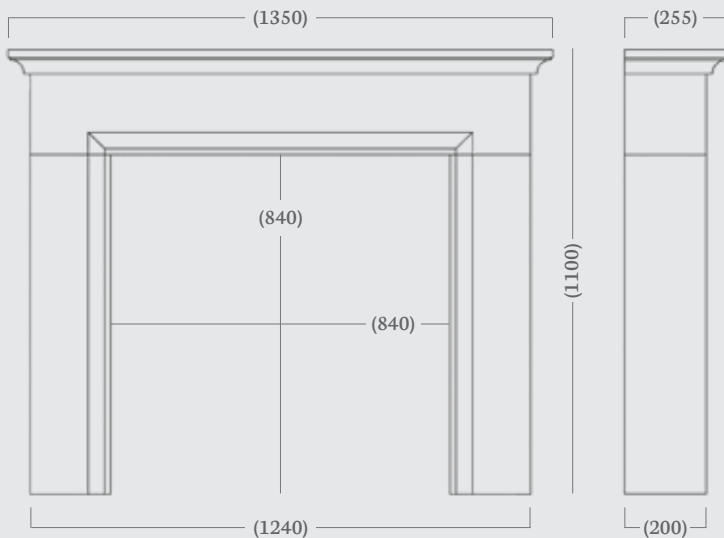

The Helston 53" is pictured here in Corinthian Stone, a natural material that has a rich grain texture and colour which provides warmth and character to your home. For a classic and sophisticated look, it has been partnered with the Pompeii brick chamber, Bassington Eco Skirted multi fuel stove and honed granite.

Carrara Marble 56"

Hersham 48", 51", 54" & 56"

(48", 51", 54", 56" Dimensions)

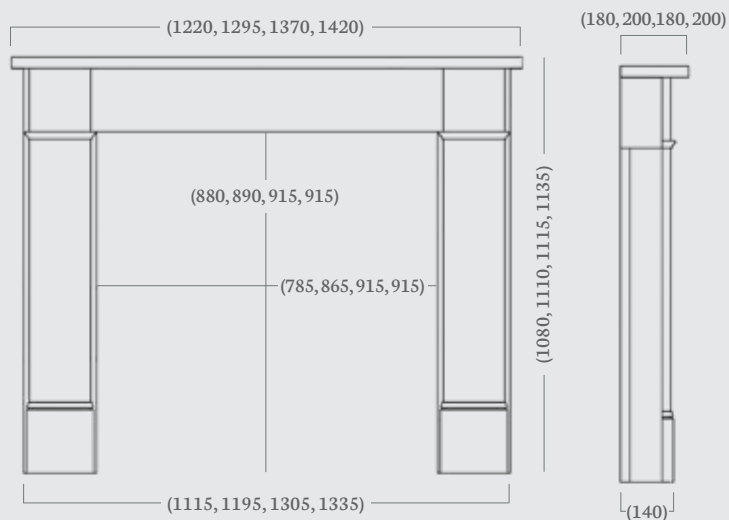

One of our most popular mantels, the Hersham was inspired by the Victorian era and widely used in the 19th century. The Hersham is hugely versatile because of its classic, timeless design.

Pictured to the left is a Hersham in Aegean Limestone, Wandsworth cast iron insert in black and a polished granite hearth. Above, the Hersham is shown in Carrara Marble featuring a contemporary gas fire with a honed granite slip set and hearth.

Standard Rebate: 1" & 3"

Stocked in: Corinthian Stone (48", 54"), Aegean Limestone (48", 51", 54", 56"), Carrara Marble (54", 56")

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Carrara Marble

Hogarth 56”

(56” Dimensions)

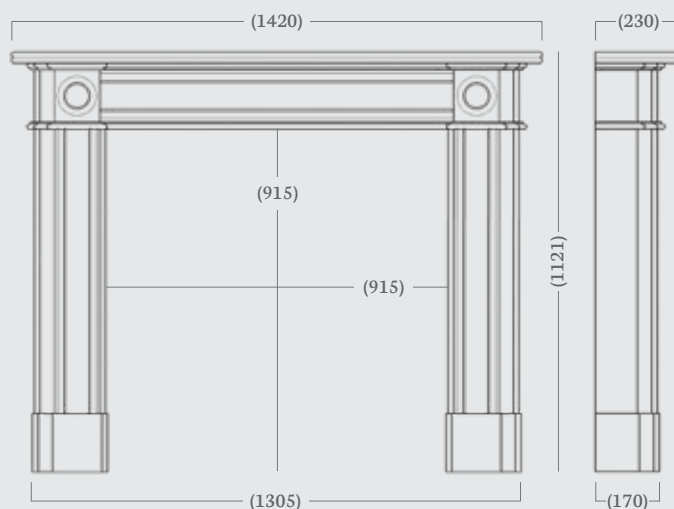

The Hogarth is a beautifully handcrafted Georgian period mantel with delicately fluted legs and matching foot blocks. The intricate detailing on this surround makes an impressive statement in any home.

The Hogarth 56” is pictured to the left in Aegean Limestone with a fully polished Wandsworth cast iron insert and matching Aegean Limestone hearth. Above, the Hogarth is pictured in Carrara Marble with a highlight Provident cast iron back panel and fireframe, Pulsar coal effect inset gas fire and honed granite hearth.

Mentmore 44”

(44” Dimensions)

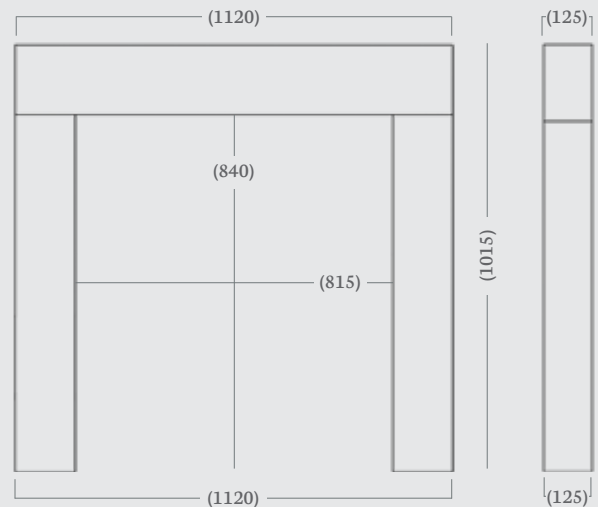

The Mentmore is a compact and stylish mantel, designed to offer a contemporary and minimalistic 'henge' style surround for those with smaller rooms and fireplace chambers.

The Mentmore 44” is pictured on the left in Corinthian Stone displaying the DL400 gas fire with black glass interior, black three sided frame and black baltimore fret, a honed granite slip set and hearth. Above, the Mentmore is pictured in Aegean Limestone featuring the DL500 gas fire with black glass interior, a polished granite slip set and hearth.

Standard Rebate: 1”

Stocked in: Corinthian Stone, Aegean Limestone

Made to Measure available in: Aegean Limestone, Corinthian Stone and Portuguese Limestone

Mulholland 54"

Characteristic of the 19th century, the beautifully crafted Mulholland emanates classicism. Curvaceous and smooth, this mantel can be fitted without the top shelf for a minimalistic design. Alternatively, it can be installed without the cushion to create a more traditional design.

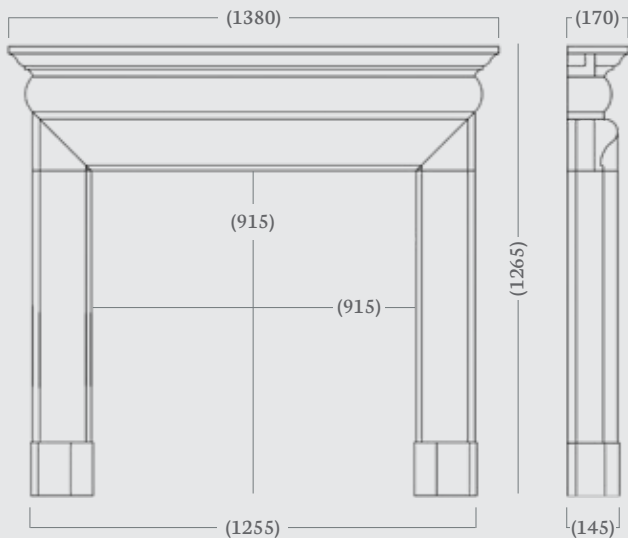

The Mulholland 54" is pictured here in Aegean Limestone featuring the stunning DL800 gas fire with black glass interior, a polished granite slip set and polished granite hearth.

Wandsworth HE Greencast *Highlight*

The Wandsworth HE Greencast has been designed to deliver higher efficient fires for more traditional and ornate cast iron fireplaces. We have sought from the design stage to combine the two critical components, the fire and the cast iron mantel, in unison to deliver an aesthetically pleasing integrated appliance.

The HE Wandsworth is paired here with the full depth open fronted convector fire and Hersham 54" Aegean Limestone mantel.

See below the fires suitable to be fitted with the Wandsworth HE;

Full Depth Open Fronted Convector

Input: 6.9kW

Output: 3.4kW

Chamber Depth: 230

Ceramic Coals: Included

Energy Rating: F

Full Depth Glass Fronted Convector

Input: 5.0kW

Output: 3.3kW

Chamber Depth: 230

Ceramic Coals: Included

Energy Rating: E

Balanced Flue*

Input: 4.6kW

Output: 3.9kW

Chamber Depth: 130

Ceramic Coals: Included

Energy Rating: B

HE Wandsworth is best suited to a 3" rebated mantel

*Minimum wall depth 230mm / Max wall depth 560mm

Optional extended flue max wall depth 930mm

NEW

Provident Black

The Provident

The Capital Provident can help you create a fireplace that's beautifully classic in its design yet still offers a higher efficiency, making it a fine centrepiece for any modern or traditional mantel.

Available in a Black or Highlighted finish, the Provident consists of a back panel and fireframe. By integrating both these components, we are able to create a highly efficient gas or electric fire.

The standard Provident is recommended for gas fires, and the Flatwall Provident will allow an electric fire to be fitted in a 3' rebated mantel without needing a chimney or flue. Both options offer a much higher level of efficiency than a standard arched insert.

Ascella Gas Fire Supplied with Coal Set

Input: 5kW | Output: 3.85kW | Fire Depth: 185mm | Rating: C

Pulsar Gas Fire Supplied with Coals or Logs

Input: 6.9kW | Output: 4kW | Fire Depth: 195mm | Rating: F

SLE40i Electric Fire Supplied with Log or Coal effect

Input: 1-2kW | Output: 1-2kW | Fire Depth: 75mm (or zero if used with the Flatwall Provident)

NEW

etronic 560 slimline

The Solution etronic 560 slimline glass fronted fire is designed to give a modern edge to traditional styles of fireplaces.

Whilst the etronic 560 slimline fire can be installed as a hole in the wall fire or part of a media wall, its ability to be fitted in a flat wall suite makes this product incredibly versatile.

Flat wall suites offer a simplistic solution for homes that do not have a chimney or flue, allowing a complete fireplace to be fitted onto a wall without the need for any major building work.

See pages 80-85 for information about the Broadmere, Denstone & Riseley Electric Suites.

Model:	etronic 560
Fuel Bed:	Hand decorated ceramic log fuel bed
Heat Output:	1-2kW
Adjustable Brightness:	Yes
Seven Day Timer:	Yes
Various Flame & Fuel Bed Colours:	Yes
Control:	Handheld remote supplied as standard
Dimensions	See page 155

NEW

etronic 800 slimline

The Solution etronic 800 slimline glass fronted fire is a popular multi sided fire which can be inserted into a feature wall or incorporated into an existing fireplace.

This smaller landscape fire is designed to give the customer, the optimum flame effect at a touch of a button.

The etronic 800 slimline fire also comes in a larger 1500mm wide version, and this allows you to choose the best size for your room.

Even though the etronic 800 slimline fire has a minimalistic look to it, when the flame picture is turned on, there is a choice of 7 fuel bed colours and a very realistic flicker flame with 3 brightness settings. Supplied with clear and dark crystals, slate chippings and hand decorated ceramic logs, this fire gives a visually stunning look to any room.

All fires are fitted with long life LED's which give greater reliability and energy efficiency properties.

Model:	etronic 800
Fuel Bed:	Hand decorated ceramic log fuel bed
Heat Output:	1-2kW
Adjustable Brightness:	Yes
Seven Day Timer:	Yes
Various Fuel Bed Colours:	Yes

Bassington **e**tronic Electric Stove

The Bassington electric stove is designed to mimic a traditional log burner, forging a cosy and warm ambience within your living space. With its stunning flame patterns and realistic hand decorated loose log fuel bed, the Bassington electric stove is a great addition to any home. Paying homage to our number one best-selling multifuel stove, this electric version of our Bassington ECO allows homes without a chimney or gas supply to indulge in the enjoyment of having a stove. The Bassington electric stove provides a 1kW - 2kW heat output for a generous burst of heat into the room.

On mild summer evenings when you don't need additional heat, you can still enjoy the ambience of this stove by using the flame only setting. Featuring 4 brightness settings and 16 flame effect colours, this remote-control stove offers plenty of choice from the comfort of your sofa. Without the need for a chimney or flue, this versatile stove can be placed almost anywhere in the home. For added realism, the Bassington electric stove is supplied with a decorative flue spigot allowing the addition of flue pipe to suit your aesthetic requirements.

Model:	Bassington e tronic Electric Stove

SLE40i shown with Mizar Antique Brass Fireframe

SLE40i etronic 3D Inset

The focus of your living space, the SLE40i features our **etronic 3D** effect technology for an ultra realistic, relaxing flame pattern and dimensional, glowing fuel bed - cleverly tapered to give the illusion of a deeper fire.

Supplied with an intuitive remote control as standard, the SLE40i has been designed and manufactured with optimal controllability, enabling you to turn the fire on and off from the comfort of your armchair, set the desired temperature and adjust the brightness of the flames and fuel bed to suit your mood. For efficient and automatic control, it also features a 7 day programmer.

Model:	SLE40i etronic 3D Inset
Fuel Bed:	Coal or Log Fuel Bed
Heat Output:	1-2kW
Inset Depth:	75mm
Adjustable Flame Brightness:	Yes
Adjustable Fuel Bed Brightness:	Yes
Control:	Handheld remote supplied as standard
Dimensions	See page 156

Tamarin **e**tronic Suite

The Tamarin adds a stylish touch to any living space and is specifically designed for the smaller room. The panoramic glass gives you a great view of the relaxing flames and log fuel bed. Use the simple remote control to select your ideal fuel bed illumination from a choice of 6 luxurious colours, with complete control over the brightness of the flames and down lighters.

This suite is simply hung on a suitable wall and so makes the installation process quick and easy.

Model:	Tamarin e tronic Suite
Fuel Bed:	Log Fuel Bed
Heat Output:	1-2kW
Flat Wall Fit:	Yes
Built-in Side Downlights:	Yes
Various Fuel Bed Colours:	Yes
Control:	Handheld remote supplied as standard
Dimensions	See page 156

SLE42s etronic 3D Electric Stove

The SLE42s incorporates a stylish cylindrical body with a pedestal base to give additional height and presence in your chosen room. This clever design allows the heater grill to be hidden under the stove body so you can enjoy the look of a sleek, contemporary stove without the unsightly heater grill. The three glass panels give an unparalleled view of the realistic etronic 3D flame effect which has been designed to create an incredibly realistic appearance of flickering flames, complete with a rustic log and embers fuel bed.

The adjustable flame setting gives you the option to select low, medium and high. Alternatively, the smouldering embers setting imitates the appearance of a fading fire for added ambience and realism. Flame settings can be adjusted using the thermostatic control with the convenience of a seven-day timer.

Model:	SLE42s etronic 3D Stove
Fuel Bed:	Log Fuel Bed
Heat Output:	900-1800w
Adjustable Flame Brightness:	Yes
Adjustable Fuel Bed Brightness:	Yes
Flue Pipe Collar:	Optional
Control:	Handheld remote supplied as standard
Dimensions	See page 156

Dimensions

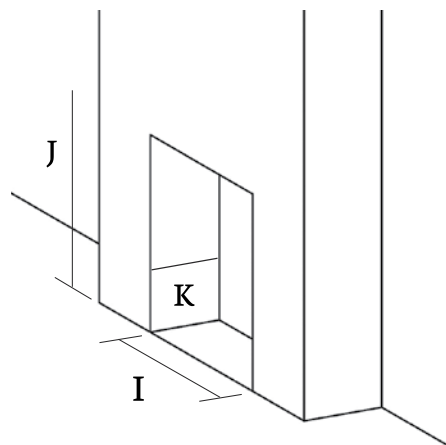

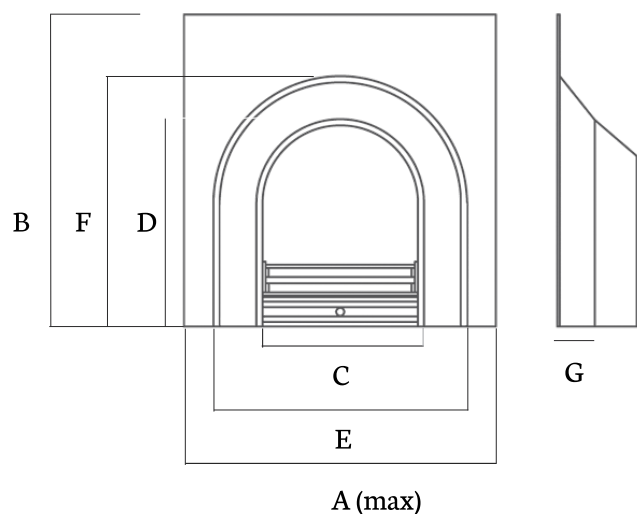

All products (except chrome finish) are suitable for burning solid fuel, however polished and highlighted products may tarnish. Only burn small fires to start with in order to temper the cast iron.

Before committing to a fireplace, please discuss your particular installation with your retailer who will provide expert advice and carry out a survey.

All dimensions are provided as a guide only and are subject to a tolerance of $\pm 12\text{mm}$.

It is normal for tiles to craze over time.

Most fires have a remote control option, please ask your retailer.

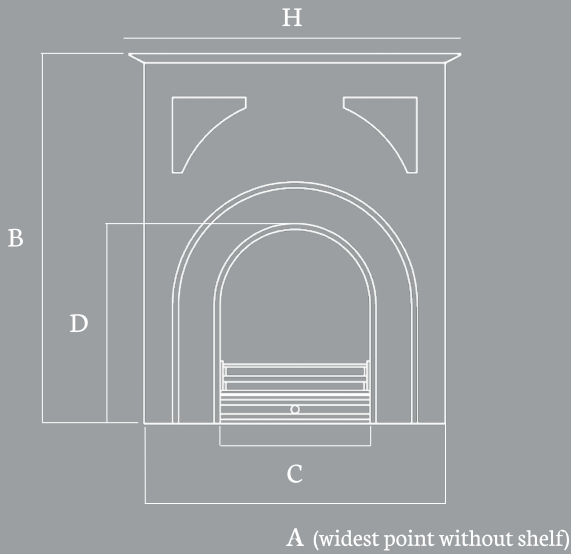

Supplied with deeper back as standard

*Available with deeper back (as optional extra) for larger burning area

**415w x 560h opening (when fitted with a backplate)

DESIGN A FIREPLACE

The Capital Fireplace Studio allows you to create your very own fireplace design using our online custom software.

Because there are so many different components involved in the making of a fireplace, it can be difficult to envisage it in its entirety. That's why we've introduced our online Fireplace Studio, giving you the tools to design and more importantly, visualise your fireplace before reaching a decision you're 100% happy with.

We'll continue to add new products to the studio, so be sure to keep an eye out, we also recommend you print a copy and take it to your nearest Capital retailer for them to price for you.

It is free and easy to use, so start creating your own fireplace today by visiting our website at www.capitalfireplaces.co.uk

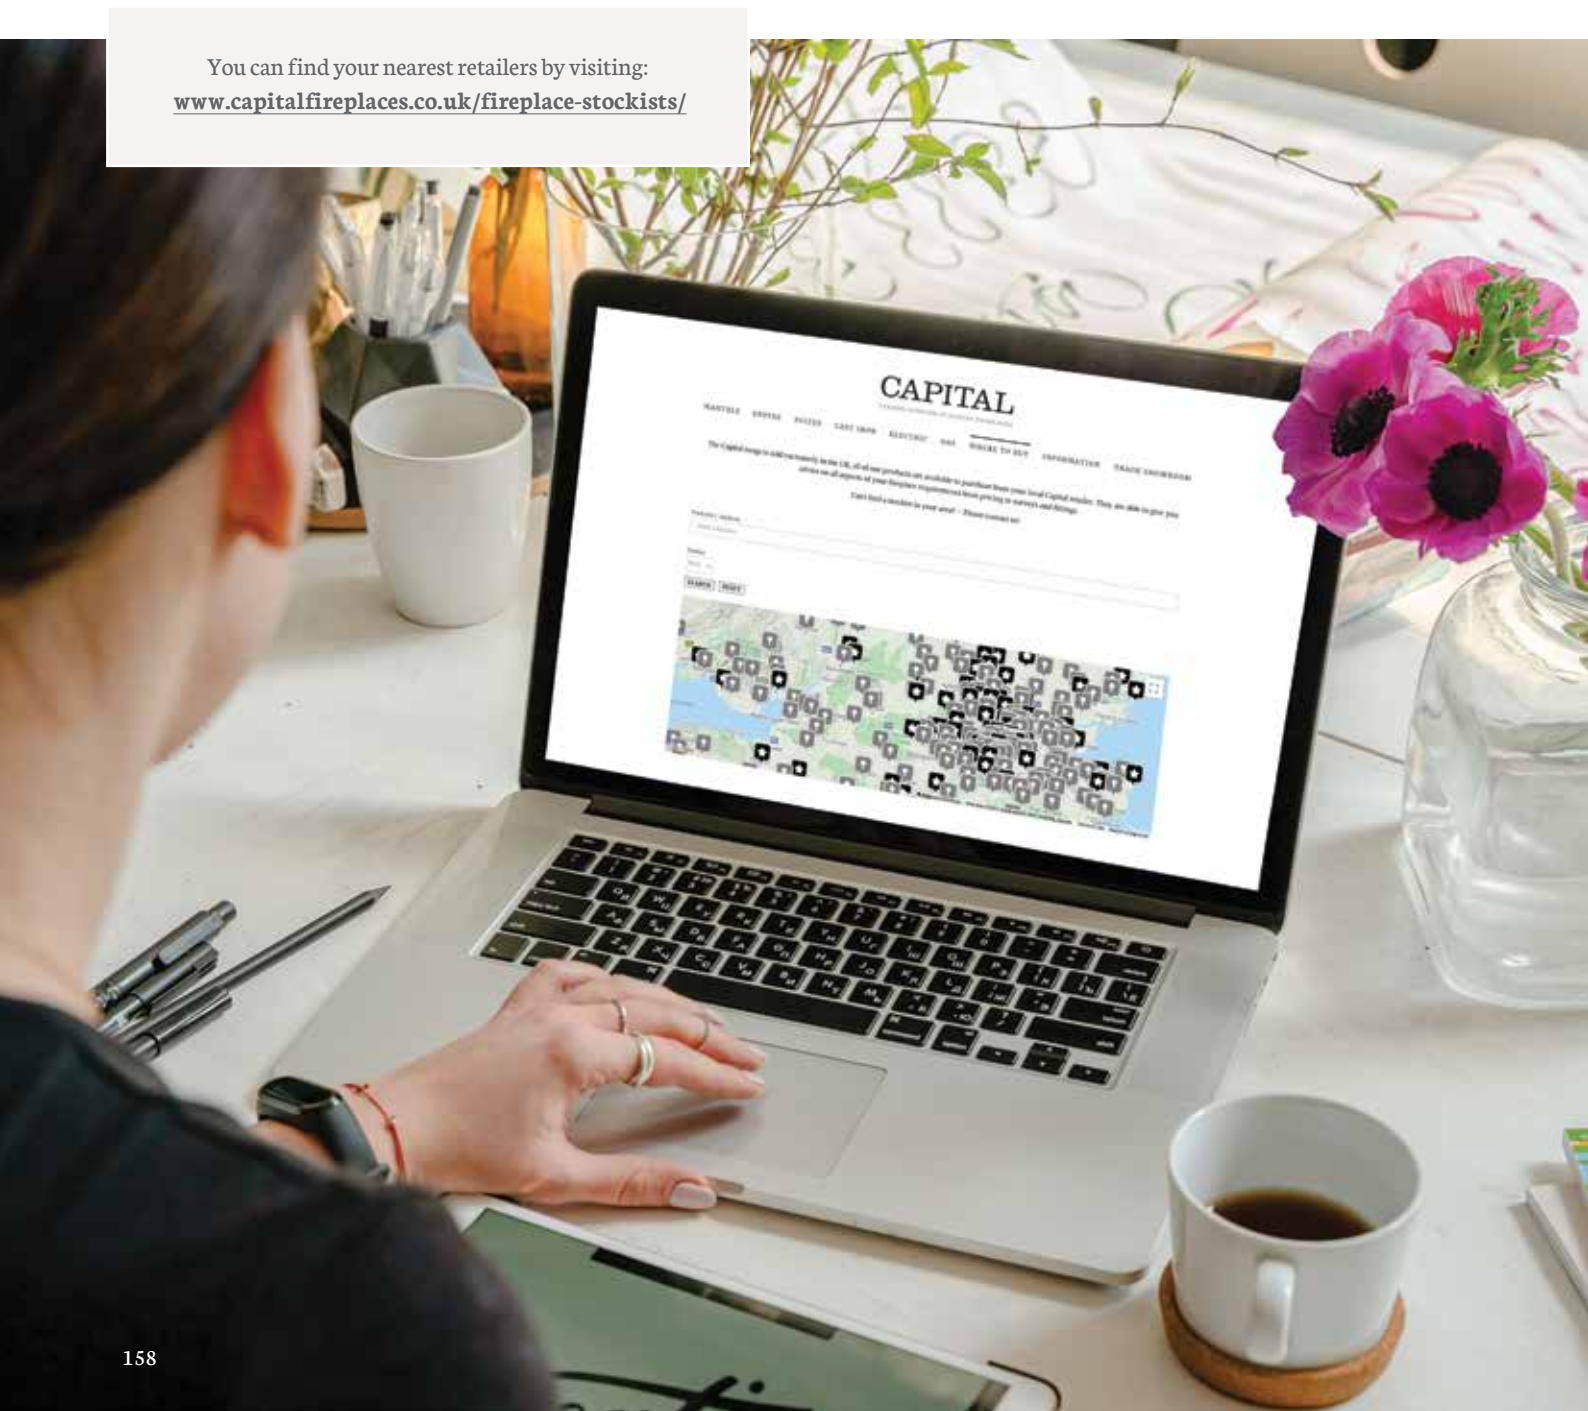

Find Your Local Retailer

The Capital Collection is sold exclusively in the UK – with all of our products available to purchase from your local Capital retailer. They are able to give you advice on all aspects of your fireplace requirements from pricing to surveys and fittings.

All the products shown in this brochure are available to purchase from your local Capital retailer, they are able to provide you advice on all aspects of your fireplace requirements.

Capital Fireplaces was established over 30 years ago to supply high quality, elegant and affordable fireplaces crafted from natural materials. With the help of our retailers across the UK, we've grown to become one of the leading suppliers of a wide range of superior fireplace products.

You can find your nearest retailers by visiting:
www.capitalfireplaces.co.uk/fireplace-stockists/

Recent changes in legislation have been made in an attempt to reduce emissions in the UK. Whilst the actual heat output has not changed from previous years, selected inset gas fires shown in this brochure are no longer suitable for primary heating purposes and should be used in conjunction with the primary heating system as decorative only with occasional use.

Due to the nature of the materials and appliances used within this brochure, actual finishes and colours may vary slightly. Flames shown within the fires may also vary depending on gas type, fuel quality and the performance of the flue or chimney. For information on aftercare and maintenance, please visit our website at www.capitalfireplaces.co.uk Capital Fireplaces Ltd reserve the right to change specification or de-list products at any time. Please note images shown in this brochure are for illustration purposes only.
